

The Perfect Car Wash for You

For every individual need of the car owner there are many car washes to choose from. There are car washes that charges more than the usual ten dollars, if you want to pay top dollars for a car wash. Needless to say, these are the best ones around. They are perfect for your Ferrari or Lamborghini. Yes that is right, they are most suited for exotic and luxury cars since they may cost you nine thousand dollars, more or less. For that kind of money, you will have to leave your car to the car wash for two weeks. Think of it as giving your car two weeks vacation in some exotic beach resort. For two weeks and for that kind of money your car will have a 61 stages Pinnacle Miracle Detail. It will also have 4 layer wax treatment of Zymol Royale. The wax itself is about \$13,000 per container so at least you know that you are getting your moneys worth. Needless to say, vauum and indoor carpet shampoo is also included.

Now if you think it is crazy to pay \$9,000 for a car wash there are still other car washes that can satisfy you. For a reasonable price, there are still good car wash from the many one stop auto car wash. You just have to find them. Here you simply drive in to the car wash and they will do the job right. Professional car washing today involves technological system, equipment and solution in washing the cars. To keep you coming back, they guarantee an effective and safe car washing service. Total vehicle coverage and high pressure wheel washing is found in most car washes. Some of the usual car washes also have the spay head which sprays concentrated blast of water. Then for the wheel washer, they have the rotating manifold for the front and read tires. And they are also more environmentally friendly that the parking lot and driveway car washing. The reason is that car washes have waste water treatment facilities.

Now, there are new and easier gadgets you can now use if you want to wash your own car. The technology of locking the car wash and the car wax is not found in the latest sponges in the market. They make sure that your car has about right washes and waxes in less time. Whatever you choose, there is certainly a perfect car wash for your car.
